EXPERIENCE

Tempest - *Shannon, Ireland (Remote)* April 2025 - Present

Global Product Marketing Manager

Driving monetization strategy, go-to-market execution, and global product marketing initiatives across subscriptions, virtual goods, and ecommerce sales.

- **Promotional Strategy:** Increased campaign-driven revenue by 80% through a global promotional calendar aligned with user behavior and purchase patterns
- **Monetization Optimization:** Delivered 8× ARPU growth via price testing, bundling, and in-app feature development
- **Go-To-Market Execution:** Led GTM for monetization features across US, Europe, and Asia, tailoring positioning to regional customer segments
- **Cross-Functional Leadership:** Partnered with Product, Engineering, Design, and Analytics to align launches with revenue goals and drive business impact
- **Market Insights:** Conducted competitive analysis and user research to inform roadmap prioritization and promo strategy

Teak.io - *Portland, OR (Remote)* March 2024 - Present

B2B Product Marketing Consultant

Shaped market positioning and competitive differentiation for the leading CRM platform for free-to-play games.

- **Competitive Positioning:** Built a strategic playbook showcasing Teak's unique strengths, elevating market perception and solidifying category leadership
- **Persona Development:** Mapped studio structures and decision-making hierarchies using data-driven insights to refine value propositions for key stakeholder groups

Fandom - *San Francisco, CA (Remote)* Aug 2021 - Feb 2024

Global Product Marketing Manager

Led global product marketing strategy, optimizing engagement, feature adoption, and monetization across a diverse portfolio of media and entertainment brands.

- **Product Positioning:** Increased conversion rates 15% by aligning product messaging to user motivations through occasion-based insights
- **Feature Adoption:** Increase in feature engagement by 500% with dynamic discovery units and optimization experiments
- **Experimentation Framework:** Built and executed >10 monthly test-and-learn experiments, doubling GTM feature adoption and generating $5M in quarterly incremental revenue
- **Conversion Optimization:** Improved landing page experiences to increase subscription conversions by 10% and streamline onboarding for new subscribers

PLAYSTUDIOS - *Austin, TX* Nov 2018 - Aug 2021

Senior Lifecycle Marketing Manager

Led data-driven lifecycle strategies and cross-channel retention frameworks to drive sustained player engagement and revenue growth.

- **Onboarding Optimization:** Increased onboarding completion rate to 80% by identifying behavioral drop-off points and simplifying early-stage user experiences
- **Retention Strategy:** Boosted long-term retention 500% and increased session frequency 70% by integrating behavioral segmentation with predictive engagement triggers

SciPlay - *Austin, TX* Nov 2016 - Nov 2018

Lifecycle Marketing Manager

Developed predictive, data-driven lifecycle marketing frameworks that accelerated monetization and drove sustained engagement across SciPlay's mobile gaming portfolio.

- **Predictive Modeling:** Shifted from reactive to proactive engagement by leveraging behavioral segmentation and early-value indicators, increasing active users by 30%
- **Revenue Impact:** Drove $1.5M in quarterly incremental revenue through targeted personalization and data-backed messaging strategies
- **Conversion Acceleration:** Reduced time-to-monetization by ~3 days by identifying early conversion signals and optimizing onboarding sequences
